Kittrell's Springs Female College.
GRANVILLE COUNTY, N. C.

THE NEXT SESSION of this Institution will open the second Wednesday in February, 1868.
The location is unsurpassed for health and accessibility.
During the past session, in a family of nearly two hundred, there has scarcely been a case of sickness. The health of many invalid young ladies has been thoroughly restored by the celebrated mineral water found here and they have presented their studies with entire success.
We are immediately on the Raleigh & Gaston Railroad, within less than a half mile of Kittrell's Depot, and in telegraphic communication with all parts of the country.
Every facility is afforded for the most thorough and extensive education.
The Faculty is composed of five male Professors and seven lady Teachers.
A Society long to itself. Our musical instruments, including Piano Organ, Harp and Guitar, are of the finest quality.
Special attention paid to thoroughness in the English Course.
TERMS MODERATE AND ACCOMMODATING.
The young ladies all worship in the College Chapel, and hence no extra clothing is required. Modesty is in no demand at Kittrell's. Parents tell us that their daughters cost them less here, in this respect, than even at home. Taking into consideration the items of dress and medical attendance, there is no cheaper school in the south. Besides, we are determined to accommodate our patrons as far as we can as to time of payment, and to put female education within the reach of the people, in the present depressed condition of the country. OUR DAUGHTERS MUST BE EDUCATED.

The machine in question is simple, compact, durable and beautiful. It is quiet, light-running and capable of performing a range and variety of work never before attempted upon a single machine,—using either silk, twist, linen or cotton thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner

ORGANIZE! ORGANIZE!!

With a majority of white voters in North Carolina of 31,000 already registered, and with the prospect of a considerable increase of that majority, if another registration is ordered, no doubt can exist, for a moment, that the white men of North Carolina can control the political destiny of the State, so far as that destiny can depend upon the efforts of the white people, themselves, if they will.

Illiberal as the Congress has been towards the white people of the South, in comparison with its course towards the colored race, yet, in two or three of the States, and especially in North Carolina, it has so far failed to take the right of suffrage from enough of the white people, to place in the hands of the blacks the political power of the State, unless there are enough of unprincipled and degraded whites to aid in fixing negro supremacy upon us. Can it be, that there are enough of this class of whites in the State, to fix the *black rule* upon us? Are there enough white men in the State, who conscientiously believe that the colored race is entitled, of right, to suffrage, to sit in the jury box, to bear arms with the whites, to hold office and even to aspire to be Governor, to amalgamate with the whites, and thus to corrupt our people and Africanize the State? We cannot believe it.

It is true that, heretofore, many white men have been unwittingly drawn into the support of the Radical negro party, who are not Radicals, but who have been deluded into the Leagues. Many others, heretofore, have been indifferent and hopeless to results, and neglected to go to the polls, and hence our defeat in the late canvass.

The question is, will the white people rally to the defence of the principles of Constitutional liberty, now in jeopardy by the policy of the Radicals? Will they come forward like men, in whose veins the blood of the white race flows, to defend their race from the ignoble contact of African blood? Can they not be aroused to come to the rescue? We believe they can.

The whole matter lies in one word: *Organize!* ORGANIZE. Combine your forces to talk to the people, to spread information and diffuse light among them. The enemy is already organized. His forces are bound by secret oaths and pledges, and every effort must be made to break down their influence.

The plan of organization, adopted by the Conservative Convention, must be carried out fully and at once. We beg every Conservative man in the State to aid in effecting the organization. There is no time to lose, nor is there room for idleness or indifference on the part of any man. Part of the programme is yet incomplete. In the hurry of the hour, the list of Canvassers for some Counties is incomplete, and in many Counties none have been appointed. These lists must be completed at once, and gentlemen in the several Counties will do the cause a service, by suggesting the names of additional Canvassers. Let there be no delay in making the organization complete.—Every man must do his duty, and save the State *from the degradation of negro supremacy.*

THE "CONVENTION."

The Circus seriously interfered with the deliberations (so-called) of the Convention (so-called) on yesterday, and, consequently, less business than usual, if that were possible, was transacted.

The body, however, showed the *black hand*, unmistakably, in an important matter. The Militia Article of the Constitution (so-called) being under consideration, Mr. Graham, of Orange, offered an amendment, to the effect that white men and negroes should not be mixed in the same companies, nor should white men be officered by negroes. The amendment was voted down by the Radicals, and we call the attention of the white people of North Carolina to the vote. Thus, within a week, this mongrel concern has declared that negroes, even though they may be unable to read and write, shall be eligible to the Executive offices of North Carolina, and that white men shall be compelled to serve under black officers. Let the Press and the Conservative County Canvassers trumpet these things, from one end of the State to the other. No Convention, which has yet assembled in the Southern States, has shown itself so much in love with the negro as that which now disgraces the Capitol.

It will be seen that Mr. Durham repelled, in somewhat pointed language, an imputation from the delegate from Plymouth Rock.

CANVASSERS.

The following additional lists have been sent in, and are hereby announced.

It is very probable that, owing to the variety of manuscripts, errors have occurred in the publication of some names. Let us be notified thereof, and the corrections shall be promptly made. We are already advised that, in the list for Hertford, Dr. R H. Grant was misprinted for Dr. R. H. Smith, and J. G. Slaughter should be J. B. Slaughter.

Additional list for Catawba.—A J Whitener, J H Bruns, Samuel Tucker, Wesley Banby, Daniel Deal, Capt M P Sherrill.

Cleveland.—Lee M McAfee, J W Gidney, M D Lee, H Cabaness, A R Homesly.

Rutherford.—I. P Erwin, J M Whiteside, Joseph Carson, W H Miller, Dr Thomas S Duffy.

CLOVER AND GRASSES.—An interesting and timely communication on this subject, from the pen of an experienced Agriculturalist, will be found on our fourth page, this morning.

GRAPE AND WINE MAKING.

We have repeatedly urged our people to divide their labor, and multiply the articles of produce, to which the soil of North Carolina is adapted. Corn and wheat and breadstuffs, generally, *must* be made. Pork and beef must be raised, to the extent of our own wants. But grapes and wine making must be more largely introduced, especially in that region of the State, heretofore devoted almost entirely to cotton. We do not advise the abandonment of cotton entirely. It can be cultivated to profit, only by the employment of fewer hands, and by a greater use of compost manures, and less *guano*. Employment must, however, be furnished to the unemployed labor, and this can be done by increasing the variety of crops.

The most profitable of these, it is believed, will be the cultivation of the grape and wine making. As a means of diverting our people from the manufacture of alcoholic drinks, and their consequent excessive use and deleterious effects, those who are acquainted with the sobriety of wine making countries urge a resort to wine making in this country.

Many suppose that the business is easily overdone, and, therefore, if engaged in by many, would soon be profitless. This is said to be a great error. No State in the Union, in climate and soil, is better adapted to wine making than North Carolina. The demand, at present, far exceeds the supply, though California, Ohio, and other States, are making millions of gallons. Most of these wines are quite inferior to those made in this State. Let our people consider the matter.

REMOVING DISABILITIES.—It is the most palpable fact of the day, that the Southern men, who had no agency in bringing on the war, and whose records are those of unshrinking allegiance, so far as circumstances possibly admitted, to the Government of the United States, are the men who receive the least consideration at the hands of the present Radical Congress. There is no talk, upon the part of that body, of removing *their* "disabilities." The pets of Congress, and of Northern Radicals, are secessionists and war men, who have turned Radicals and negro worshippers, for the sake of pay.—Those men who may have preached secession for twenty five years before the war, and who were for exterminating the Yankees, after the war was inaugurated, but who have since gone down into the dust of humiliation at the feet of the nigger idol, are the men whom Congress pats on the head, saying "good boys!"—while consistent, "fire-tried" Unionists are flouted and ignored. Devotion to negro-Radicalism is the test of "loyalty,"—not devotion to the Union in the day of its trial. This is not surprising, perhaps. The Congressional "rebels," who are now waging war against the Union, cannot be expected to sympathize with those who contend now, as heretofore, for a Constitutional Union. We could name hundreds of this latter class in North Carolina, of the removal of whose disabilities nothing is said; while the man, who is specially singled out, from among our whole people, as the recipient of the Congressional boon, is the father of Secession in North Carolina, and the man more responsible than any other in *this* State for bringing on the war.

BLACK MAIL, RUMORS, &c.

North Carolina until now has borne an unsullied reputation. Her public men, legislators, judges, &c., have ever been above bribery or corruption. We have heard of black-mailing in Yankee Legislatures and Yankee politics—we have heard of it in Congress; but never until within a few days have we heard of such a thing in North Carolina. It is rumored that parties out side of the (so-called) Convention claim to have such influence over a sufficient number of votes in the Convention, white and black, as to be able to carry any measure they desire, if paid enough for it. It is rumored, though we are not in possession of the facts, that members of the so called Convention have actually received $25 and less, in consideration of voting in a particular direction.

This is one of the fruits of the changes in our habits and politics sought to be forced upon us. We hear that we have among us men who are disposed to take part in North Carolina affairs, who are well versed in black-mailing and running elections at the North. We are, therefore, glad to see the movement of Mr. Durham, on yesterday, who offered a resolution to raise a Committee to enquire into the rumors afloat. Let the matter be probed.

ONE OF THE Radical "Conventioners" was overheard to remark, a few days since, after reading the partial list of Canvassers appointed by the late Convention, "Why, those men have got all the talent of the State enlisted on their side." Of course they have,—all the talent and all the reputableness. All the *white* men of the State, worthy of the name, are arrayed against the designs of the negro-supremacists. We should like to see a list of Radical Canvassers contrasted with that put forward by the Conservative Convention. To make out one of common proportions, they would have to call upon *Mister* Squash, *Mister* Crow, and Pompeys and Cæsars innumerable.

ALABAMA.—We have no certain information as yet, as to the results of the election, in Alabama, on the ratification of the mongrel Constitution. The probability is that it has been defeated. The whites of the State, almost *en masse*, abstained from voting. Congress, however, will doubtless declare the Constitution valid, having been ratified by a *majority* of those voting, instead of, as the law provides, a majority of those registered. Such an act of perfidy will be in entire consistency with all the legislation of Congress on the subject of "Reconstruction."

P. S. See telegram in another column.

—A good tract of land, in Surry county, containing 214 acres, was sold, at a sale in Bankruptcy, a few days since, at only forty cents per acre.

The "Constitutional Convention," (So-called.)

MONDAY, Feb. 10, 1868.

The Convention was called to order at 10 o'clock.

Prayer the Rev. Mr. Welker.

The Journal of Saturday was read and approved.

A communication from the Conference of the Virginia and North Carolina M. E. Church, concerning education, was read and referred.

Mr. Durham offered the following resolution:

Whereas, It is a matter of common rumor, that corrupting influences have been used to secure the passage of certain ordinances, which have been passed by this Convention; and *whereas*, if these rumors are true, it is the duty of this body to ascertain who are the guilty parties, and expose such said corruption: Therefore

Be it Resolved, That a select Committee of three members be appointed by the President, whose duty it shall be to ascertain and report whether corrupting influences have been used to secure the passage of any ordinance, which has been passed by this Convention, and, if so, the names of the guilty parties, and all the facts connected therewith. The said Committee shall have power to send for persons and papers, administer oaths and examine witnesses.

Mr. D. said it was rumored on the streets, in hotels, and everywhere, that money has been used to induce members to vote for a certain ordinance or ordinances. It is the duty of the Convention to enquire, and, if it is true, the infamous name of the delegate should be handed down to posterity; and if by any corporation or individual, that its name or the names may be also known. He did not believe that any one would vote against the resolution; and if any delegate had been so base as to receive a bribe, he hoped that it would become known, or, if false, that the matter would at least be investigated.

The rules were suspended and the resolution was adopted.

Mr. Abbott offered a resolution, that no one shall move the previous question, except the Chairman of a Committee, whose report is under consideration, the mover of a resolution or the author of a minority report.

Mr. King, of Lenoir, objected, and thought if the resolution was passed, they might as well adjourn *sine die*.

The rules were suspended and the resolution was not adopted.

Mr. Tourgee, a resolution in favor of two sessions—one in the morning and the other in the evening. Lies over.

By consent, Mr. Tourgee submitted a report from the Committee on Corporations, to whom was referred the ordinance of Mr. Jones, of Washington, incorporating the town of Columbia.

The report was adopted and the ordinance accompanying it was also adopted.

CALENDAR.

A memorial from the citizens of Guilford, praying that the distillation of grain may be prohibited, presented by Mr. Welker, was taken up and referred to the Committee of three, appointed to confer with Gen. Canby.

Mr. Tourgee moved that an ordinance to the same effect, offered by Mr. Welker, some time ago, and referred to that Committee, be reported back to the Convention. Agreed to.

Also Mr. Welker's ordinance, in regard to Bank issues, was taken up, and, on motion, was ordered to be printed.

The ordinance of Mr. McDonald, of Chatham, in relation to taxing old debts 25 per centum, was next considered.

Mr. McDonald moved to make it the special order for 12 o'clock.

Mr. Graham moved to postpone it indefinitely.

Mr. McDonald called the yeas and nays, and, the call being sustained, the vote resulted; yeas 72, nays 13.

A resolution, offered by Mr. Petree, raising a select Committee of three to memorialize Congress for a reduction of the revenue tax on tobacco, was next reached.

Mr. Hodnett said he came from a tobacco-raising section, and that the present tax was very onerous upon all classes—particularly the freedmen. He hoped the resolution would pass.

Hood, (negro,) moved that a recess be taken until the *Circus passed the Capitol*.

Mr. Abbott hoped no such ridiculous motion would be entertained.

Mr. Durham said that there should be a call of the House; he did not think there was a quorum present.

Hood, (negro,) withdrew the motion.

Mr. Rodman's resolution, in favor of the Sheriff of Halifax, extending the time of collecting taxes in arrears, was taken up.

Mr. Renfrow said that the Sheriff had been very vigilant in collecting the taxes from colored people, and, before the election, had told the negroes that they could not vote until the taxes had been paid, and that he drank a good deal of whiskey.

[Here the President said he should be compelled to call the Sergeant-at-arms, if gentleman did not take their seats and keep order. *The show was passing.* The President, indeed, thought the House had better have a recess, as it was impossible to transact business. The roll was about being called, when, on the interference of several members, it was stopped.]

The matter under consideration was referred to the delegates from Halifax County, as a Committee.

Mr. Bradley's ordinance, in favor of J. C. Jones, Sheriff of Alleghany County, extending the time of collecting taxes, was also considered.

Mr. Bryan thought all the Sheriffs should have the same indulgence, and moved to amend by making it include the Sheriffs of all the Counties.

Mr. Tourgee moved to lay the whole matter on the table. Carried.

Mr. Rich's resolution, giving the Governor the veto power, was next reached.

Mr. Heaton suggested that the matter could be better discussed when the first article of the Constitution is reported. Mr. Rich agreed to the proposition.

SPECIAL ORDER.

The Report of the Committee on Preamble and Bill of Rights was the order. The Preamble was read, when,

Mr. Graham, of Orange, said that as civil and political liberty did not *prevail just at this time*, he moved to amend by inserting "and imploring the restoration of our political, religious and civil liberties."

Mr. Heaton thought if no more attention could be had, such an important measure should not be discussed.

Here it was said that the Suffrage question had the precedence, when,

Mr. French, of Chowan, moved to postpone that matter until Wednesday next, 12 o'clock. Carried.

The question recurred on the amendment of Mr. Graham to the Preamble of the Bill of Rights.

Mr. Jones, of Washington, thought that if Mr. Graham's amendment should be adopted, it would reduce the Preamble to a petition, and said the Preamble should state the present existence of those things, and that we are grateful for it. A further discussion would open old sores. He did not wish to do that. He hoped it would be adopted as it stood.

Mr. Graham said he had no disposition to refer to the past, but everybody knew the facts that dungeons were full of prisoners, whom the *habeas corpus* could not reach; that we were under a rigorous military power—whether rightfully or not he would not say at present. But it was folly to say that the people of this State were enjoying either political or civil liberty.

Hood (negro,) thought more liberty was being enjoyed than ever before. He alluded to the emancipation of the negro race.

Mr. Hodnett said that the reason he would not support Mr. Graham's amendment, was because that by the time this Constitution would be in operation, these liberties would be awarded.

The question on Mr. Graham's amendment was put to a vote and lost.

The Preamble was then adopted.

The caption of the 1st. Section was next considered and adopted.

Mr. Heaton moved to make the balance of the report the special order for Thursday next, at 12 o'clock. Agreed to.

On motion of Mr. Abbott, the report on Militia was taken up.

In the first section, Mr. Graham, of Orange, moved as an addition:

"But *white* and *colored* persons shall be organized into separate commands, *and no white man shall ever be required to obey a negro officer.*"

Mr. G. said he had heard a great deal said about social equality, advocated by gentlemen on this floor; now he wished the yeas and nays called, and the gentlemen on record in the matter.

Mr. Jones, of Washington, thought the Convention should have nothing to do with this. The Legislature was the proper body to legislate in this matter.

Mr. Durham said this was a test question. He wished to have it distinctly so recorded. The reconstruction acts did not prevent the passage of this resolution, declaring the superiority of the white man.—We claim that the white man has some rights left him, even under the reconstruction acts. But it is the evident intention of this Convention to go beyond the reconstruction acts, and thereby not only give civil and political equality, but to force upon the people of the State social equality. He wanted the people to know who were the men that were endeavoring to perpetrate such an outrage upon them. He intended to try, by every means in his power, to make these very radical gentlemen upon this floor come up fairly and squarely to the mark, and show, by their votes upon this question, whether they wished to force social equality between the races upon the people. It was vain for gentlemen to try to dodge the question, by saying that the Legislature would provide for such matters. Their votes, to day, would tell the truth, and tear from their faces the mask under which they had hid, and the people would see and spot the men who are willing to degrade their own color by admitting to day that social equality between the races does and shall exist.—Such an attempt to fix upon our people such a damning shame, by certain members on this floor, ought to go over the whole country, *and the men be marked.*

It was a test question. We, the Conservatives on this floor, so regard it; and if the yeas and nays upon this question are refused us, it will be a palpable and direct acknowledgment of fear, on the part of the Radical element of this Convention, to show their record to the people. It would be skulking and dodging the question in a miserable and abject manner.

Mr. Rodman gave his reasons why he rather liked Mr. Graham's amendment,—that the Legislature will provide for such things, &c. (But when the vote came, Mr. R. was found with the *party.*)

Mr. Abbott was opposed to the amendment, and did not mind placing himself on record.

Mr. Mann moved to lay it on the table; but, on being told that it would carry the section with it, withdrew it.

Messrs. Welker and Watts, both, thought the Legislature the proper body to consider this matter of classing the races.

Mr. Durham again told them that the Conservative gentlemen of this body intended to make them stand up to the rack, "fodder or no fodder."

Mr. Ashley thought the amendment would draw an *invidious distinction* between the races. In the course of his remarks, he stated that Gov. Graham had before 1835 drilled free men of color, and, according to the argument of the Conservative gentleman on this floor, thereby acknowledged those men his social, moral and intellectual equals.

Mr. Durham said: "*Sir, I brand that assertion as a falsehood and a palpable lie.*"

Mr. Ashley simply said it was so, and continued his remarks in opposition to the amendment at some length.

Hayes, of Halifax, (negro,) offered an amendment, to the effect that white men, having mulatto children, be placed in the same company with their children.

[The Reporter asked the Secretary for the amendment, to copy it. On being told that the President had it, he applied to the President and the application was refused; and the President, after calling Hayes to him and having some conversation with him, announced to the House that the amendment was withdrawn.]

Harris, of Wake, (negro,) next spoke, and the gist of his remarks was that, like Mr. Ashley, he stood upon the broad ground of manhood, irrespective of race or color.

The yeas and nays upon Mr. Graham's amendment, after a good deal of reluctance, were ordered.

The vote, being taken, resulted as follows:

Those who voted in the affirmative were,

Messrs. Bradley, Durham, Ellis, Graham, of Orange, Hare, Hodnett, Marler, Merritt, Williams, of Sampson.

Those who voted in the negative were,

Messrs. Abbott, Andrews, Ashley, Barnes, Bryan, Carey, (negro,) Cherry, (negro,) Chilson, Congleton, Cox, Daniel, Dickey, Duckworth, Eppes, (negro,) Etheridge, Fisher, Forkner, Franklin, French, of Bladen, French, of Rockingham, French, of Chowan, Gahagan, Galloway, (negro,) Garland, George, Glover, Graham, of Montgomery, Grant, of Wayne, Grant, of Northampton, Gully, Gunter, Harris, of Wake, (negro,) Harris, of Franklin, Hayes, of Robeson, Hayes, of Halifax, (negro,) Heaton, Highsmith, (negro,) Hobbs, Hoffler, Hood, (negro,) Hyman, (negro,) Ing, Jones, of Washington, King, of Lincoln, King, of Lenoir, Kinney, Laffin, Lee, (negro,) Legg, Logan, Long, Mann, May, Mayo, (negro,) McDonald, of Chatham, McDonald of Moore, Moore, Morton, Mullican, Murphy, Nance, Newsom, Parks, Petree, Pierson, (negro,) Ragland, Ray, Renfrow, Rhodes, Rich, Robbins, (negro,) Rodman, Smith, Stilley, Stilwell, Sweet, Taylor, Teague, Tourgee, Tucker, Turner, Watts, Welker, Williams, of Wake.

Sections 2, 3 and 4 were then adopted.

Mr. Jones, of Washington, called up the report of the Committee on Corporations, other than Municipal.

The Secretary read the report in full, and then section by section. Sections 1st, 2nd, and 3d were adopted.

Mr. Tourgee offered a substitute to the fourth, which acts as substitute for all down to the 11th. section: "No Bank of issue shall be established under the authority of this State."

Mr. Abbott would agree to it down to the 10th section.

Mr. Tourgee advocated his substitute at some little length, and stated that the general Government alone ought to have jurisdiction of such matters.

Mr. Jones, of Washington, said he wished to retain some evidence of a State sovereignty. He did not believe the sword and purse should be consolidated into one power. To say that the State of North Carolina should forego all power to establish a Bank, to furnish a currency for its people, would be to go back into almost barbarism.

Mr. Abbott moved to strike out all down to the 10th. section, and refer the subject-matter to the Committee on Finance, as a good deal of the matter properly belonged to that Committee.

Mr. Jones did not think so.

Mr. Abbott withdrew his motion until the 3d. reading.

Mr. Heaton concurred with Mr. Jones.

On motion of Mr. Tourgee, the balance of the report was postponed until Friday next, 12 o'clock.

On motion, the House adjourned.

THE EMPRESS CHARLOTTE.—A Brussels letter to a Paris paper contains intelligence which will create a profound emotion on account of the painful circumstances connected with it. The Empress Charlotte was a few days back informed by their Majesties the King and Queen of the Belgians of the shocking catastrophe of Queretaro. The first movement of the Empress was to utter a cry of anguish, which was immediately followed by a flood of tears. Then, resuming all the firmness of her character, her Majesty became calm; she observed that for some time past she had suspected that a great calamity must have taken place. She at once requested to have mourning provided for her. The Queen of the Belgians has since remained constantly with her sister-in-law, who supports this cruel trial thus far without injury to her health.

Tribute of Respect.

Y. M. C. A.—The regular meeting of the Young Men's Christian Association will be held this (Tuesday) evening, at 7½ o'clock, at the Lecture Room of the Presbyterian Church.

At a late meeting of the Association, a vote of thanks was unanimously tendered to the following parties, for their generous contributions in furtherance of the objects of the Association:

The municipal authorities of Raleigh,	$750,00.
The citizens of Dyersburg, Tenn.,	173,25.
Maryland Relief Association (through Hon. D. M. Barringer,)	100,00.

—and to *all*, who have kindly aided the Association.

THE CIRCUS.—Whatever the hardness of the times, people *will* go to the Circus. This was amply proven, last night. Notwithstanding the inclemency of the weather, Dan Castello's immense pavilion was crowded by a very large audience, of all ages and colors. We learn that the performances gave pretty general satisfaction, and that the Proprietor maintains his reputation as a successful manager of the *Cirque.* The exhibition of animals is very fair.

MASSACHUSETTS—200 YEARS AGO.

(*English authority.*)

"That sinners may supply the place
Of Saints, is a plain case.
Justice gives sentence many times,
On *one man* for *another's* crimes.
Our brethren of New England use
Choice malefactors to excuse,
And hang the gallitlees in their stead,
Of whom the country has less need:
As lately happened. In a town
There lived a cobbler, and but one, (!!!)
That out of doctrine could cut, use,
And mend men's lives—as well as shoes.
This precious brother having slain,
In time of peace, an Indian—
Not out of malice, but mere zeal,
Because he was an infidel,
The mighty Totti-potty-moy
Sent to our Elders an envoy,
Complaining sorely of the breach
Of league held forth by brother Patch,
Against the articles in force
Between both countries, his and ours,
For which he craved the Saints to render
Into his hands, or hang the offender.
But they, maturely having weighed,
They had but only him o' the trade.
(A man that served them in a double
Capacity—to teach and cobble;)
Resolved to spare him yet to do
The Indian Hoghan Moghan foe
Impartial justice, in his *stead* did
Hang an old scoundrel that was bed-rid."

NO TRUTH IN IT.—A telegram in the New York *World* denies the rumor, transmitted from Charleston, that Gen. Canby is to take the place of Gen. Meade and Col. Sickles to be returned to this District.—We never supposed there was any foundation for the report.

ANTHRACITE COAL.—Messrs. Worth & Daniel, of Wilmington, are supplying their customers with an excellent article of Anthracite Coal; and, what is better, a gentleman of this City informs us that his order for coal, to Messrs. Worth & Daniel, was filled at a less cost for coal and freight, by $1,75 per ton, than he obtained from Norfolk. Send your orders, hereafter, to Wilmington—$1,75 on a ton of coal is worth saving.

STATE NEWS.

—— Last week, the keeper of the jail in Goldsboro' was knocked senseless by one of the prisoners, and all of them thereby succeeded in escaping. They consisted of a negro, confined for the murder of his wife, two white horse thieves, and three negroes charged with larceny. The next morning, happily, they were re-arrested by some colored men, in a remote part of the county.—Great credit is due these colored men, and they should be handsomely rewarded.

—— Miss Bettie Kerr, a daughter of the Hon. Jno. Kerr, of Yanceyville, and an accomplished and most estimable young lady, died, of consumption, on Thursday of last week.

—— On Friday last, Mrs. Alston, wife of Maj. Arch Alston, of Warren, whilst attempting to catch a child about to fall, exposed herself so near to the fire that her dress caught and soon her whole person was enveloped in flames. After intense suffering, she expired that night at 10 o'clock.—A large circle of relations and friends sympathize with the greatly afflicted family in this sudden and awful Providential dispensation.

—— The Edenton *Trasscript* is "hard" upon the "so called." It thus groups:—"Rodman has more brains and Ladin less than any man in the Convention. The best looking man is John W. Graham, of Orange,—the meanest looking is John R. French, of Washington city, *via* Chowan county. The neatest looking man in the menagerie is Col. Heaton; the most greasy looking man is Sam Watts, of Martin."

—— The Wilmington *Journal* speaks in glowing terms of our late glorious Convention. Alluding to the fact that old line Whigs and old line Democrats, eschewing former politics, mingled together for the good of the State, it says:

"It is grand; it is sublime—a spectacle worthy to be handed down to posterity.—It shows that "there is life in the old land yet;" that men of former persuasions can come together as brothers to discuss the situation and propose the way for future work. All this is done under the most disadvantageous circumstances, and goes to show the feelings of the people, notwithstanding our poverty, and all the other obstacles in the way. The people, who love their State, their country and time-honored laws, must work, organize and show a bold front. We have been too timid—not because we had not the right, but we deemed it for the best.

The ball has now been started. Let it be kept rolling. Our State calls upon every man who believes in the justice of our cause to buckle on his armor and unshrinkingly perform his duty. Now is the hour of our distress."

—— Twenty-six emigrants will leave Rockingham, the present week, for Indiana. The Danville *Times* says "their object is, we suppose, to start fresh in a new country, and to raise their families nigh to the smoke of a white man's settlement."

—— We find the following in the last Danville *Times*:

"The negroes in a certain section of Person county, N. C., have introduced a sort of church worship, that looks a little singular in these days of Christian progress. It is true, they go to "meetin" in their best clothes, but, instead of worshipping in the regular old fashioned way, such as kneeling at prayers, crying "amen!" in the corners, and now and then putting through a good old camp meeting hymn—they form a ring, and "hands around" in the circle, dancing, shouting and jumping until they are nearly overcome with fatigue. This looks a little strange, we confess—but it's none of our business. We are nothing but a poor, white "reb"—and mayn't this be an innovation of Radicalism? So, dry up"

SUPREME COURT.—Opinions delivered as follows:

BY PEARSON, C. J. In *Doe ex dem.* KERR *vs.* Elliott, from Mecklenburg, no error, judgment affirmed. In State *vs.* Dula, from Iredell, no error. In Carter *vs.* Mendenhall, in equity, from Guilford, decree for plaintiff and reference. In Mendenhall *vs.* Carter, in equity from Guilford, cross bill dismissed. In Latham *vs.* Skinner, in equity from Washington, bill dismissed with costs. In Henry *vs.* Henry, in equity, from Buncombe, the order sustaining exceptions to the answer is reversed.

BY BATTLE, J. In Walker *vs.* Walker, from Orange, judgment reversed, *venire de novo.* In Carter *vs.* McGeehee, from Rockingham, judgment affirmed. In State *vs.* Gwyn, from Wilkes, order reversed. In Briant *vs.* Corpenning, in equity, from Caldwell, bill dismissed with costs. In Trammell *vs.* Ford, in equity, from Macon, order reversed.

BY READE, J. In *Doe ex dem.* King *vs.* Lytle, from Mecklenburg, no error. In Den *vs.* Love, from McDowell, error. In State *vs.* McClure, from Clay, error. In Merritt *vs.* Bernard, from Madison, no error. In Marsh *vs.* Grist, in equity, from Beaufort, no error.

AN OUTRAGE BY A MOB OF NEGRO THIEVES!—One of the gravest outrages ever perpetrated in this community occurred yesterday forenoon near the depot of the Petersburg and Weldon Railroad. The actors in this devilish business were negroes, and the fact that they numbered between two and three hundred, leaves no doubt upon the public mind that the outrage was the result of an extensive preconcert.

Thirty six cords of wood had, through the liberality of our white citizens, been purchased at and near Reams' Station, for distribution among the poor white people. It has been customary, however, to give a portion of such supplies to the negroes, but entirely as a matter of discretion, and neither of law nor duty, it being generally supposed that the Freedmen's Bureau had the negro poor especially under its charge.—Some part of this wood had been distributed—something over ten cords—to poor white persons on Thursday evening, when the remainder was left in the charge of a guard of five men. Yesterday about 10 o'clock, a. m., between two and three hundred negroes made a charge upon the train, overpowered the guard, and, before information could reach the police, they had carried away every stick of wood on the ground, including even the small parcels which poor white persons were at the time engaged in taking home.

This act condemns every participant in it as a thief and a villain, but we do not believe that they are alone guilty. There were contemptible, mean white people "behind the scenes," who, with the willing aid of the leaders of the mob, induced their dupes to believe that they had "as much right to the wood as the white people." It is the duty of the authorities to investigate this matter at once and bring the leaders of the outrage to justice.—*Pet. Express, Saturday.*

THE ALABAMA ELECTION.

MOBILE, Feb. 10, M

The election concluded Saturday. It passed off in a quiet and orderly manner. The vote here stands: Whites 89, Negroes 4,916.

MONTGOMERY, Feb. 10, M.

Out of seventeen South Alabama Counties, embracing the large negro Counties of the State, the Constitution is behind 3,700 votes.

The Hill country and the Florida line of counties will place it at least 10,000 behind.

The election, last Fall, on the Convention, was held only at the Court Houses, and continued three days. The Convention was carried by about 10,000 over one half the registered vote.—Three times as many voting places were opened at the election, just held, on the Constitution, and the election continued *five* days. *It is a clear defeat.* The managers of the elections were generally Radicals.

CONGRESS.

WASHINGTON, Feb. 10, P. M.

HOUSE. Under the regular call the following bills were introduced:

Instructing the Reconstruction Committee to report what further legislation is necessary, to enable the late rebel States to resume their places in the Union;

Continuing the Freedmen's Bureau in Tennessee;

To allow Respondents in the U. S. Courts to testify in their own behalf—instance where such testimony is permitted in local Courts.

A large number of private Bills were introduced.

The Judiciary Committee was directed to enquire into the expediency of amending the Bankrupt law, so as to require a majority of creditors to compel involuntary bankruptcy.

A resolution, that the seat of Government should be removed to the Mississippi Valley, was disagreed to, by a strictly sectional vote, 77 to 97.

A long discussion occurred, regarding bridging the Mississippi, at Rock Island. A bill authorizing the bridging, at the joint expense of the Government and Railroad Company, passed.

A resolution calling on Grant for a *copy* of the President's last letter, and referring it to the Judiciary Committee, with the privilege to report at any time, passed.

The House went into Committee of the Whole. A general discussion showed increasing partizan bitterness.

SENATE. After a number of private resolutions, bills and memorials, reconstruction was resumed; after which there was an Executive session and the Senate adjourned.

FROM WASHINGTON.

WASHINGTON, Feb. 10, P. M.

In the Supreme Court the old Georgia case, petitioning to regrain Stanton, Grant and Pope from proceeding under the reconstruction acts, was decided adversely last term. To-day, reasons for that opinion, in effect as follows, were given:

The question involved, and the right sought to be protected, were exclusively political in their character, relating to sovereignty and Government and not to rights of persons or property, and the Court had no jurisdiction, therefore, of the subject matter of the bill. They cite the cases of the State of Rhode Island *vs* State of Massachusetts, and other cases, to show that the Court has no jurisdiction to decide a political question. The Chief Justice concurred in the result, but not in the reasons assigned.

He announced that the present term would be adjourned on the first Monday in April.

There is intense anxiety to see the President's letter to Grant. It is stated that the Cabinet are strongly adverse to Grant's version of events.

Revenue, to-day, one million and a half.

In the Supreme Court, in the case of the State of Texas *vs.* White (motion to dissolve an injunction, restraining White, *et al.* from settling certain lands in that State, on the ground, among others, that Texas, being no State, had no rights in the Courts,) Chase gave an opinion, refusing to dissolve the injunction.

VIRGINIA CONVENTION.

RICHMOND, Feb. 10, P. M.

The Judiciary Committee reported adversely to two resolutions—one for scaling debts contracted prior to April, 1865, at 25 cents in the dollar, and another, declaring all debts prior to that date null and void. The Committee's report also takes the ground that debts contracted for the purchase of slaves cannot be set aside. The Report was adopted, 72 to 6.

For the Sentinel.

CLOVER AND GRASSES.

MESSRS. EDITORS:—Some time last summer one of your subscribers, I think in Franklin county, addressed you a communication which was published in the *Sentinel*, making enquiries in regard to the cultivation of Red Clover and other grasses—the proper time for sowing clover seed, cutting the grass, mode of making and securing the hay, the best kind of soil for its production, &c., &c. Having been engaged, to a greater or less extent, for more than twenty years, in the cultivation of clover, it was my intention at the time, to reply to these various enquiries, but I was very soon, thereafter, attacked with typhoid fever, which prostrated me for a long time, and when I recovered the matter had entirely passed out of my mind.

As the time for sowing clover seed is now near at hand, I propose to answer the enquiries referred to according to my own experience and observation, hoping that if the answers do not reach your Franklin subscriber, they may possibly attract the attention of others seeking like information, and may not, therefore, be entirely lost.

First, then, as to the character of the soil. Red clover, like other grasses, grows best on good soil, but will flourish better on poor soil than most other varieties. Any soil that produces wheat well will produce clover, but it, like everything else in the vegetable kingdom, does best in those soils which are peculiarly adapted to its growth. I have found it to succeed better on strong upland clay soils than any other. Low marshy or wet lands do not suit it. The proper time for sowing the seed in this climate is the latter part of February or the early part of March—though it will do very well any time in March, and should invariably be sown with oats or some other protecting crop. Young clover, when it first emerges from the soil, is exceedingly tender and requires something to protect it for a few months from the effects of the summer's sun. If it is designed for mowing it will require a bushel of seed for about eight acres of ground, but if intended for pasturage alone, a bushel will sow ten acres thick enough. The ground should be well prepared—as thoroughly pulverized and free from clods as possible. The oats must first be sown and either plowed in with narrow plows or harrowed in as may be thought best, so that the surface is left comparatively smooth. The clover seed should then be sown, and brushed in with a tolerably heavy brush, well selected for the purpose, and prepared so that it will not drag the seed up into lumps or bunches. The mode of sowing is somewhat various, but that which I have used for many years, and which I esteem the best, I obtained from an essay of the late Edmund Ruffin, of Virginia, who was, perhaps, unsurpassed in the United States as a practical agriculturalist. It is as follows:—Have any number of small paddles made that may be desired, according to the number of sowers. They should be, say eight or nine inches long, beside the handle, and five or six inches wide, with a smooth surface. Let each sower provide himself with a common cloth apron and tie it on in the usual way; than gathering up the front part of the apron in his left hand, and taking the paddle also in the same hand, having as much seed deposited in the apron as may be necessary to sow a round, he is equipped for the operation. The first step on proceeding to the field is to arrange a set of guide stakes, or otherwise slightly mark off the ground, so that each sower will sow a land of about six feet in width. It is best to begin on a straight side of the field, (if there be a straight side to it,) or otherwise arrange so that the line traversed by the sowers will be as straight as possible,—this will ensure greater uniformity and evenness in the casting of the seed. Having made these preliminary arrangements, let the first sower or leader take his position three feet from the outer edge of the ground, with his apron gathered up and his paddle in his left hand as above described, the latter being held nearly level, or with the front end slightly inclining downward; the next sower will take position six feet from the second, and so on to any number that may be required. The first sower, acting as a file leader, governs the movements of all the rest. Then taking up with the right hand as much seed as can conveniently be held between the thumb and two first fingers, and moving off like a platoon of soldiers, it is dashed at every other step, with considerable force, on the central part of the paddle, from whence it is scattered in all directions. Care must be taken by the sowers to keep their respective distances, as upon this will depend the regularity with which the seed is distributed. Any number of sowers may be employed, and a little experience with proper care will soon enable them to perform the work with great uniformity.

When the crop of oats is cut and removed, nothing should be permitted to run upon the ground until sometime in the fall, when it may be pastured by calves or other young cattle until frost appears. In the following Spring, say from the 1st. to 15th April, or as soon as the clover has grown sufficiently to cover the ground pretty well, plaster of Paris should be sown broadcast upon it at the rate of not less than 80 to 100 lb., per acre—more would be better, but I have found this quantity if it be mixed with an equal quantity of leached ashes, to answer very well. Combining the plaster with ashes makes it more easily and evenly sown, as it does not fly off so much. In sowing the plaster it is important to select a calm morning and if it be a little damp or the atmosphere heavy, it is all the better. Care should be taken to leave no strips or spots unsown. I may premise here that plaster of Paris does not act equally as well on all soils, or rather upon clover growing on all varieties of soil, and, in order to test its efficacy, it would be well to leave a strip through the field without its application. Plaster of Paris prepared for agricultural purposes can be obtained readily in Baltimore, at $15 to $18 per ton, from Messrs. E. Whitman & Sons, Herbert & Hairston, or any one of the many Agricultural houses in that City.

In regard to the proper time of cutting clover, it depends upon the use to be made of it. If it is designed for soiling milk cows or horses, or feeding to hogs, it may be cut as soon as the bloom appears, but if intended for hay it should not be cut until about one half the heads have turned brown. When cut it should be left in the swath for half a day if the weather be clear, and a longer time if not fair. As soon as the upper surface of the hay is cured, which will generally be the case in the time above mentioned, it should be turned over carefully with forks, without spreading any more than is unavoidable, when it should remain another half day. If the weather be favorable, it may then be raked into windrows and hauled to the barn or other place prepared for securing it. It does not answer well to stack it like most other kinds of hay, as the want of compactness in its character prevents it from turning the rain. Should necessity require it, however, it will do tolerably well if the stacks are built with the sides as straight as possible, until within a few feet of the top, and then putting on a heavy topping of straw. I may remark, in this connection, that clover hay is more easily damaged by rain in curing than most other kinds, but if the weather be favorable it is rather more easily cured, and when well done there is no hay superior to it.

I have said nothing about the value of clover as a green manure, or as a means of improving the soil, as this communication is already much longer than I intended. Suffice it to say, however, that as a vegetable manure for plowing under, and particularly as a preparation for a wheat crop, I regard it as superior to anything else. It is best always to succeed clover with wheat, as there is sometimes a difficulty in getting a good stand of corn after it, owing to the increased quantity of worms produced, from some cause which I have been unable to discover.

I have thus, Messrs. Editors, endeavored to answer most of the inquiries of your correspondent, but fear you will consider my article somewhat prolix, particularly in these strange times when public affairs are so much out of joint and make such heavy demands upon your columns.

NORTH CAROLINA AND PART OF VIRGINIA,

IN COMPARING THIS COMPANY WITH FORTY-TWO COMPANIES, AND BY THE REPORT of the Insurance Commissioners of Massachusetts, the following facts appear, under OFFICIAL ENDORSEMENT:

1st. The Ætna issued more policies than either of forty other Companies. More than four times the average, AND NEARLY ONE-TENTH OF ALL.

2nd. That excluding Capital, the Ætna's ratio of Assets to Liabilities is larger than that of twenty-nine Companies, AND MORE THAN THE AVERAGE OF ALL.

3rd. That the Ætna's receipts are larger than those of either of thirty-eight other Companies, and more than three times the average, and more than ONE-THIRTEENTH of all.

4th. That the Ætna's ratio of expenses to receipts is less than that of twenty-nine other Companies, and LESS than the average of all.

5th. That the Ætna's ratio of increase in premium receipts to itself, is greater than that of any other Company, and four times the average. [See table "C," in Insurance Report.]

6th. That the Ætna's ratio of losses to assets is per cent less than the average.

7th. That the Ætna's ratio per cent. of increase in Assets is greater than that of any other Company, and more than four times the average.

It will be observed from these comparisons that many Companies do not make so good a showing as the Ætna, although they are unquestionably reliable.

The "ÆTNA" is an old and well-tried institution, and the above extract from the highest official authority upon the subject of Life Insurance commends the Company at once to the thoughtful and serious enquirer, who wishes to make a CERTAIN provision for those depending upon him.

The Ætna loans her customers one-half the premium as long as life lasts, at six per cent., if desired, and gives no restrictions in location or travel in the United States, at any season of the year, and pays her members the

LARGEST DIVIDEND

of any Company doing business in this State, and is PERMANENTLY LOCATED HERE; has paid more Revenue into the STATE TREASURY than any other Company, and paid more money to Widows and Orphans than any other, and therefore, with all of these facts, well deserves the largest patronage, and IS RECEIVING IT.

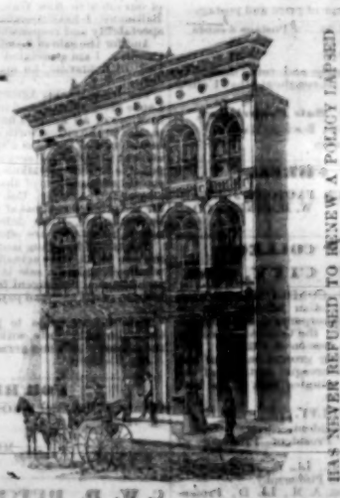
The ÆTNA, being a STOCK COMPANY, gives all the benefit of dividends to her insured and none of the liabilities usual in "Mutual insurance."

Six per cent interest is allowed upon the Capital Stock of $150,000, and the balance of the profit goes to the insured, which profit or dividend is larger than any other Company doing business in the State.

The ÆTNA has over

$1,000,000

ABOVE LIABILITIES.



A VERY IMPORTANT FACT. THE ÆTNA IS A STRANGER TO LITIGATION. HAS (3,000 MEMBERS) AND HAS NEVER REFUSED TO RENEW A POLICY LAPSED DURING THE WAR.

Any other facts will be cheerfully imparted in the office, over the Store of Messrs. W. H. & R. S. Tucker & Co.

Important Order from Gen. Canby.

HEADQ'RS 2D MILITARY DISTRICT, CHARLESTON, S. C., Dec. 31, 1867.

General Orders No. 104.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBTS.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 28th day of April, 1865, shall not be enforced, by execution, against the person or property of the defendant. Proceedings for such causes of action now pending, shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established in accordance with the laws of the United States.

Paragraph III of the same order is modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of all property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th. day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th. day of April, 1865, or of the State of South Carolina, rendered between the 19th. day of December 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th. day of June, 1865, unless the written consent of the defendant be entered of record, and except in cases where the plaintiff or his attorney, upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors; *provided*, that no such judgment, surrendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGE.

The sale of real or personal property by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accrued subsequent to the 20th. of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 29th. day of April, 1865, for the 18th. day of May, 1865.

Paragraph V of the same order is modified as follows:

SUITS ON NEGRO DEBTS.

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves, made subsequent to the 1st. day of January, 1865, are suspended. Judgments or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any Court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars, and in a town or city, the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant, of the value of two hundred dollars. The exemptions hereby made shall not be waived or defeated by the act of any defendant who has a family dependent upon him or her for support, and the exempted property shall be ascertained and defined by the sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the Court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of a fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XVI, is amended by adding thereto: All proceedings in any court of North Carolina or South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government, or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on war against the Government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female or insane person, (*cestui que trust*), whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Order 25, of May 20, 1867, is revoked; and on and after the first day of January 1868, the distillation of spirituous liquors in the Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 52, dated May 20, 1867, are revoked, and the power to grant licenses for the sale of spirituous or intoxicating liquors is remitted to the proper local authorities, to take effect on and after the 1st. day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture or fine and costs.

2. Drunkenness or disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar-room, saloon or other place at which intoxicating liquors are sold, and all other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All Bar-rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the twelve hours next preceding the opening and next succeeding the closing of the polls at such election; and the sheriffs of counties and districts and the chief of police of cities and towns shall have power to direct the closing of bar-rooms and other places for the sale of intoxicating liquors, whenever it may be necessary in their judgment to preserve order and quiet.

5. The proceeds of all licenses, forfeitures and fines, under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the Commissioners or Overseers of the poor of the District County, City or Town in which they are accrued, and the Commissioners or Overseers will at the end of each month report to the Provost Marshal-General of the District the amount received by them during the month, specifying the name of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations, may be enforced in any civil or military Court, and upon conviction the Court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all Sheriffs, Constables, and Coroners of Counties and Districts, and the police of cities and towns, to be vigilant in the enforcement of the police regulations and the provisions of this order in relation to the sale of intoxicating liquors.

The provisions of this paragraph will be held to apply to such licenses granted under General Orders No. 82, to inn-keepers, as remain unexpired after the first of January, 1868.

DISTRICT COURTS.

IV. To promote the speedy trial of prisoners confined for minor offences, and diminish the cost of their maintenance, all committing magistrates will, on the 15th. and last days of each month, report to the judge of their county or District Court all commitments made by them during the preceding half month, specifying the date of commitments, the names of the prisoners, and the offences for which they were committed, to the end that the judges may, whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold
